

BENLİOĞLU DENTAL INC.

COMPANY INTRODUCTION

Our company established in 1983 and expanded its import program very rapidly and successfully according to the trends and needs of the Turkish Dental market as a full service Dental importer and Distributor Company dedicated to Dental Equipment only.

Currently we are representing many leading European and American manufacturers on exclusive basis. Our sales program focuses only at high-end dental clinic equipments.

Apart from our dental equipment business, at consumables market; we are the main orthodontic materials supplier at Turkish market as well as, well known supplier at Dental Implants market.

We have our headquarters at capital city ANKARA and we have 35 employees working at the company. Our sales team activities cover the whole country and we have direct sales to the privately owned dental Clinics, Dental Dealers, Dental Faculties and other Official buyers like Ministry of Health, Army Hospitals or State Hospitals. We have our own after-sales technical service department both at

Ankara and Istanbul. We also deal with more than 200 dealers selling our products countrywide.

Our company's ultimate goal is; Customer satisfaction by distributing high quality Dental equipment to the Turkish Dental community at affordable prices with extended technical and after sales service facilities at long run throughout their professional life.

BENLIOGLU DENTAL INC. is also manufacturing HILUX / LEDMAX Curing Lights and exporting worldwide to 60 countries at a continuous growing rate since 1990. We have a significant market share at USA, Japan, and Europe as well as at other emerging markets.
